RECHARGEABLE LED FLOOR LIGHT

No.	Brightness (lm)	Battery duration (h)	Weight (g)	Unit
AL812SA	1,000 (max)	2.5 (max)	220	1

- 360°rotating ring is built into the back of the main unit. Use it by hanging on your fingers or hooks.
- Magnetic stand can be adjusted to 4 different angles (120°).
- By pressing and holding the power switch, you can adjust the brightness to your desired level between 100 to 1,000lm.
- Dimming level: 3 (strong, medium, weak)
- Charging port: USB Type-C (charging time is about 4 hours)
- Dustproof and waterproof: IP65

360° Rotatable Hanging Ring

Hang it at any angle or hold it securely on your finger for added safety.

Illuminate Dark and Deep Spaces for Safer and More Comfortable Work

"Wearable" lights from the KTC rechargeable LED light series make it easy to work with both hands, improving work efficiency in any workplace, including work and inspections in dark places and maintenance in hard-to-reach areas.

◀ Rechargeable light series

Neck light allow to work with both hands

For more information ▶

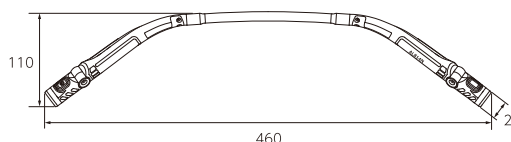

Flexible adjustment of head and neckband.

RECHARGEABLE LED NECK LIGHT

No.	Brightness (lm)	Battery duration (h)	Weight (g)	☐
AL814N	320 (max)	2.0 (max)	140	1

- 320lm with a 2-hour runtime on high mode.
- Use rechargeable lithium-ion batteries to reduce battery purchase costs.
- Wear around the neck to illuminate the work area and work with both hands.
- Neckband is flexible and can be adjusted to fit your needs.
- Dimming level: 2 (strong, weak)
- Dustproof and waterproof: IP54

Light with a head holder to use as a penlight and a headlamp

*Main light only

For more information ▶

Use as a headlight with a head holder and work with both hands.

RECHARGEABLE LED PEN LIGHT

No.	Brightness (lm)	Battery duration (h)	Weight (g)	☐
AL820	380 (max)	3.0 (max)	50 (main unit)	1

- Light used as both pen-type light and headlight when performing detailed manual work such as car maintenance.
- By using the head holder with the pen-type light, you can work with both hands.
- 380 lm with a 3-hour runtime on high mode.
- Strong magnets are attached to the bottom and clip for easy attachment.
- Head holder has an irradiation angle of 120°, allowing for a wide range of irradiation.
- Lighting pattern: Top light, main light
- Dimming level: 2 levels (strong and weak) Main light only
- Charging port: USB Type-C (charging time is about 1.5 hours)

Headlight type ideal for using both hands in dark places

For more information ▶

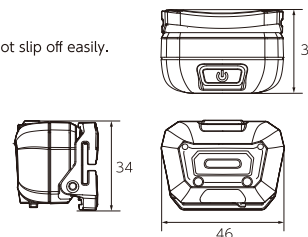

Anti-slip coating and can be attached to a helmet or cap.

RECHARGEABLE LED HEAD LIGHT

No.	Brightness (lm)	Battery duration (h)	Weight (g)	☐
AL813SA	200 (max)	2.0 (max)	50 (including headband)	1

- Headlight type illuminates the work area even in dark places, allowing you to work with both hands.
- Equipped with a motion sensor, you can turn the light on and off without touching the main unit.
- Main light can be adjusted to 3 angles.
- Anti-slip coating on the inside of the headband.
- It is easy to attach to a helmet or cap and does not slip off easily.
- Lithium polymer rechargeable battery.
- Dimming level: 2 (strong, weak)
- Charging port: USB Type-C (charging time is about 2.5 hours)
- Dustproof and waterproof: IP65
- Accessories: USB charging cable, headband (Charger is not included)
