

RECHARGEABLE LED FLEXIBLE LIGHT

A lightweight and compact flexible light with an adjustable head —perfect for maintenance and inspection work!

'With an overall length of approximately 100 mm (110 mm when fully extended), this compact light fits easily into a tool case or even a chest pocket. It is ideal for a wide range of applications, from automotive maintenance to equipment inspection and general servicing tasks.

Compact Size (Approx. 100 mm*)

Lightweight and compact, it can be attached to a cap, clipboard, or pocket without getting in the way of your work.

Flexible Head Movement

The head can be adjusted freely up to 90 degrees.

Convenient Magnetic Base

The magnetic base allows you to fix the light in place and direct illumination at the work area, enabling hands-free operation.
